

Training to become a Specialist for Forwarding and Logistics Services with Lufthansa Technik Logistik Services GmbH

At Lufthansa Technik Logistik Services GmbH we provide perfect, smooth-running services. We make goods available at an ideal time and offer our international customers tailor-made services. To be able to do so, we need committed employees who like organizational challenges and can successfully master them.

As a Specialist for Forwarding and Logistics Services with Lufthansa Technik Logistik, the planning and commissioning of worldwide transportation of aircraft spare parts are an example of your daily routine – from the smallest switch on the coffee machine of a Boeing 737 right on up to a 7 ton Jumbo engine for a Boeing 747.

If logistics excite you and you would like to take on responsibility for smooth operations, then come be part of a company that belongs to the best logistics service providers!

Facts

- Within 2 1/2 years you will receive first class qualification from Lufthansa Technik Logistik GmbH in Hamburg to become a Specialist for Forwarding and Logistics Services.
- At vocational school you will learn the theoretical background focusing on forwarding business economics, air freight, logistics, as well as communicating in a foreign language. You will also take part in additional in-house training courses.
