

# Training as a Bachelor of Science in Computer Science and Business Management (UAS)

Are you interested in the latest information technology? And would you like to join a global group right from the start of your studies?

With our program you have the best perspectives for your career:

You will be qualified to receive your Bachelor of Science in Computer Science and Business Management (UAS) degree at the Nordakademie. At the same time you can put your knowledge into practice within our company.

## Facts

- Within 3.5 years you will study at the Nordakademie in Elmshorn to receive your Bachelor of Science in Computer Science and Business Management.
- Your studies focus on computer science (i.e. programming methods and software production), Internet applications (i.e. ERP), economics (i.e. logistics, economic law), and information management (i.e. quality and workflow management).
- Your practical training takes place with Lufthansa Revenue Services in Hamburg.
- During your practical assignments you will mostly work on projects in the areas of production, logistics, inventory management, personnel and accounting systems dealing with tasks such as software and system development, IT organization, coordination and consulting, database administration or system analysis.
- These practical assignments take place in our associated Group companies Lufthansa Cargo AG, Lufthansa Technik Logistik und Lufthansa Revenue Services GmbH. Seminars on the topics of time management, work, presentation and communication techniques, business games, communication training, as well as seminars on further subjects will enhance your qualification.

## Requirements

- General qualification for university entrance
- With good results in Mathematics or Physics (with at least 10 points acc. to the German grading system)
- Very good written and spoken English language skills
- Pronounced analytical and conceptual intellectual capacity
- Creativity, self-assurance, independence, team and service orientation
- Experience in spare time jobs or organizations as well as experience abroad desirable
- Successful completion of the Nordakademie Elmshorn (online) selection process ([www.auswahltest.nordakademie.de](http://www.auswahltest.nordakademie.de))

## Application period

1 year before training begins.

## Training begin

In September

**Please apply online at [www.Be-Lufthansa.com](http://www.Be-Lufthansa.com).**

For your online application you will need the data from your CV and your school grades from the last four semesters as well as the positive result of the Nordakademie Elmshorn selection process.
