

Training to become a Physician's Assistant

The health of our employees is very important to us.

At Lufthansa, in order to guarantee our high quality demands and to continue to belong to the leading companies among the international competition, we train and qualify our own medical specialists.

As a Physician's Assistant with Lufthansa, you will help safeguard the health of our employees, carry out medical-technical tests, and handle medical correspondence in German and in parts in English.

If you are looking for a responsible task in the medical area with interesting contacts to an international team then come work for Lufthansa.

Facts

- Within 3 years you will receive first class training to become a Physician's Assistant.
- Your theoretical training will be taught at the Julius-Leber-Berufsschule (Vocational School) in Frankfurt or the state vocational school in Erding.
- Your practical training will take place with Lufthansa's Medical Services in Frankfurt or Munich.
- Internal training courses will enhance your qualification.

Requirements

- Good final grade upon completing Secondary School, Technical Secondary School, Commercial College or General Qualification for University Entrance examinations
- Good knowledge of German orthography
- Good English language skills
- Basic typing skills
- Sense of responsibility, team-capable, and outgoing
- If you are still underage at the time training begins, we will still gladly consider your application if you live in the metropolitan areas of Frankfurt or Munich.

Application period

Approximately one year before training starts you will find a job ad in our job offers. You can directly apply there.

Training begin

After the completion of schools summer vacation in the relevant German state
